

Help the poor elders. Donate 1 leu!

The profound economic crisis in Romania has become a problem not only in politics but in the entire society. Thus, more and more persons are feeling the effects of the economic crisis and the rift between social classes becomes more obvious. The most affected are the elders. Low incomes, the total lack of opportunities, associated with age related health problems causes elders to be marginalized and extremely vulnerable. Therefore, the present social realities demand action from all of us.

To partially compensate the Government's austerity measures and the effects of the profound economic crisis, The National Federation of the Mutual Help Centers of Pensioners “Omenia” launched a fund raising campaign *Help the poor elders. Donate 1 leu!*

The money collected into our bank accounts opened at Raiffeisen Bank – Obregia Agency Bucharest are designed to help the elderly who have pensions under 600 lei (the equivalent of 142 Euro) and they have serious health problems, and therefore they represent a social risk.

The campaign rules and its results will be published on this website and *Omenia Magazine* and also they will be announced on the news programmes of the on line television *Omenia Tv* and on national mass-media.

The first stage of the campaign will take place between 1st of July and 31 December 2010.

The bank accounts for donations are:

Lei: RO38 RZBR 0000 0600 1263 9100

EUR: RO11 RZBR 0000 0600 1263 9101

USD: RO97 RZBR 0000 0600 1263 9105

You can also donate by money order and electronic funds transfer at the following address:

The National Federation “Omenia”

Amurgului Street, No. 53
